Performance Standards and Guarantees

- A. *"Effective and efficient operation of the project is necessary to promote the best interests of all parties, especially to the public. To the extent that actions of the Contractor result in failure to meet performance standards, the Owner may suffer damages that could be difficult or impossible to quantify. As a result, situations may arise where the imposition of liquidated damages may be required to compensate for the failure to meet performance standards.*
- B. *If the Contractor fails to meet any of the performance standards or conditions of the contract, the Owner may withhold payment for damages from the fees or premiums due to the Contractor in an amount equal to the damages stated in this section. Such payments shall not relieve the Contractor of its obligation to remedy any breach of the performance standards to which they relate. Nothing in this section shall limit the Owner's right to seek damages or any other remedy at law or equity not specified in this section.*

<i>Scope Description</i>	<i>Time Frame</i>	<i>Performance Guarantee</i>

<i>Submit 100% (Bid Ready) Design Plans and Specifications</i>	<i>September 17, 2015</i>	<i>\$50/day</i>

Prior to the assessment of any of the damages as a result of failure to meet performance standards in this section, the Owner shall provide written notice to the Contractor specifying the nature and details of each violation, including reference to the section(s) under which the damages are proposed to be assessed and the amount of the assessment. The Owner's notice, which will be sent to the Contractor after receipt of the Contractor measurement report, will specify whether the Contractor will be required to pay the amount of the assessment to the Owner or whether the assessed amount will be withheld from the Contractor's next payment(s).

Payment of the Contractor's invoice without resolution of such claims, shall be without prejudice to the Contractor's and Owner's rights and obligations to continue to attempt to resolve such claims or if they are not resolved, assess performance guarantees therefore.

The Owner's decision not to invoke performance guarantees in any instance of performance deficiency shall not be deemed to be a waiver of the Owner's right to invoke performance guarantees in any other instance."

11. Lead Paint Sale Contingency. This Contract is contingent upon a risk assessment or inspection of the Property for the presence of lead-based paint and/or lead-based paint hazards at the Buyer's expense until 9 p.m. on the tenth calendar-day after the signing of this Contract by all parties for housing built before 1978. [Intact lead-based paint that is in good condition is not necessarily a hazard. See the EPA pamphlet, "Protect Your Family from Lead in Your Home," for more information.] This contingency will terminate at the above predetermined deadline unless the Buyer (or Buyer's agent) delivers to the Seller (or Seller's agent) a written Contract addendum listing the specific existing deficiencies and corrections needed, together with a copy of the inspection and/or risk assessment report. The Seller may, at the Seller's option, within _____ days after delivery of the addendum, elect in writing whether to correct the condition(s) prior to settlement. If the Seller will correct the condition, the Seller shall furnish the Buyer with certification from a risk assessor or inspector demonstrating that the condition has been remedied before the date of the settlement. If the Seller does not elect to make the repairs, or if the Seller makes a counter-offer, the Buyer shall have _____ days to respond to the counter-offer or remove this contingency and take the Property in "As Is" condition or this Contract shall become void. The Buyer may remove this contingency at any time without cause. (42 U.S.C. 4852d) (61FR 9064).

(c) Disclosure: Closing of title shall not occur unless both the Buyer and the Seller have received and reviewed a copy of the water test results. At closing, the Buyer and Seller shall certify in writing that they have received and reviewed the water test results.
