**Re: 2015 Roadway Improvement Program  
Recommendation of Award  
Our file: LB 15-03**

Dear Ms. Schmelz:

Bids were received on Thursday, August 20, 2015 for above referenced project. Six (6) contractors purchased bid documents and of those, five (5) complete bids were received. The base bid amount ranged from a low bid of \$151,151.75 to a high of \$210,544.00. The apparent low bid is marked with an asterisk (\*) as shown below:

	Bidders	Bid Amount
1.	Fiore Paving Company	\$151,151.75 *
2.	Earle Asphalt Company	\$151,713.13
3.	Meco, Inc.	\$161,785.00
4.	Jads Construction Co. Inc.	\$187,157.50
5.	Stavola Contracting Co., Inc.	\$210,544.00

The references for the low bidder, Fiore Paving Company, 4 Fiore Court, Oceanport, NJ 07757 have been checked by this office and found to be satisfactory. We therefore, recommend that a contract be awarded to Fiore Paving Company in the amount of \$151,151.75, subject to the favorable review of the bid bond by the City Attorney, and the availability of funding to complete the project.

Should you have any questions regarding this matter, please feel free to contact our office.

Very truly yours,

LEON S. AVAKIAN, INC.

**YEAR-ROUND SHUTTLE**  
**PROJECT**  
**2015/2016**

## **WORK PLAN**

### **I. Project Description**

This grant provides funds as an initial increment towards the municipality's projected Fiscal Year 2015 and 2016 Urban Enterprise Zone UEZ Shuttle Service Project. The project will operate from October 1, 2015 through September 30, 2016

### **II. Target Population Area to Be Served**

Monmouth County New Jersey

### **III. Project Objectives**

- A. New and existing businesses will be contacted and given information regarding the Shuttle Service benefits and to sign up for the UEZ Program.
- B. The UEZ Program will work in collaboration with other programs and resources to improve the access to designated zones. This will help to attract customers and increase spending.
- C. Businesses must grow and infrastructure and streetscapes upgraded to attract customers by facilitating access to zones and major institutions where new jobs and greater revenues for overall business productivity may occur.
- D. Access to Lower Broadway, a NJ State authorized Area In Need of Rehabilitation, Monmouth University and other zones can make potential customers aware of the need for improvement as well as compelling businesses to certify for participation in the UEZ Program.

### **IV. Scope of Services**

Scope of services include organizing and meeting with business groups and other agencies such as the Chamber of Commerce to obtain information on needs and other items in order to promote business development. Through the means of deploying an alternative transportation choice this will supplement the existing NJ Transit system and provide a mode of traveling that will accommodate more riders in an expeditious manner. The Shuttle service will operate during the hours where travelers can arrive to the City and throughout the City in greater numbers. In addition, the service will allow access from center City to other business districts within the City, Monmouth University and the beachfront areas. The service will operate Monday through Friday, start at 6:56 AM to 9:58 AM, break in the middle of the day, then start again leaving the train station at 3:25 PM and end the day arriving at the train station at 8:11 PM. The shuttle will depart the Third Avenue Terminus approximately every 30 minutes and go to Monmouth University, traverse east on Cedar Avenue stopping at Woodgate Avenue, on to Brighton and Second Avenue, then to Pier Village with a final stop at Third and Broadway, then back to the train station. The service will be available five days during the fall, winter and summer then go to seven days during the summer. The staff of the UEZ will use mailings, email communications, cable television, publications, special events, articles, signs, ads and other methods to market the UEZ Shuttle Program and to highlight the benefits of the same. The staff will accumulate sta-

---

tistics and conduct surveys to obtain first-hand information about the Shuttle Service business operations, their successes and failures and resolve to improve on the conduct of business for a more productive business environment.

---

**OBJECTIVES**

**Objective Number:** 1

**Short Description:** To increase the number of commuters for Business Development and new Certifications

Detailed Description
The Shuttle Service will expose a new population to Long Branch business center. Hopefully, this will create new revenues and encourage business development and new certifications.

Methods
Through the use of business meetings, canvassing, mail drops, email blasts, cable network, advertisements, articles, trainings and other methods, business contacts will be made and informed of the UEZ Shuttle Service Program. The UEZ will work with Meadowlink to encourage ridership as well as Monmouth University.

Evaluation
The effectiveness of these methods can be measured by the number of certified businesses after any given period and the number of riders as provided by the service.

The Shuttle Service will expose a new population to Long Branch business center. Hopefully, this will create new revenues and encourage business development and new certifications.

Methods
Through the use of business meetings, canvassing, mail drops, email blasts, cable network, advertisements, articles, trainings and other methods, business contacts will be made and informed of the UEZ Shuttle Service Program. The UEZ will work with Meadowlink to encourage ridership as well as Monmouth University.

Evaluation
The effectiveness of these methods can be measured by the number of certified businesses after any given period and the number of riders as provided by the service.

**OBJECTIVES**

**Objective Number:** 3

**Short Description:** Create sustainable economic development in UEZ's

Detailed Description
Businesses must be improved; infrastructure and streetscape upgraded to attract customers, to retain and create new jobs and create new jobs and greater revenues for overall business productivity. As new people frequent the business zones additional revenues can create more jobs and make improvements in the Transit Village location.

Methods
Regular business meetings are held; the UEZ works with the local Chamber of Commerce to attract new business and offer incentives to existing uses; the UEZ offers incentives for stimulating the economy and promote comprehensive commerce reforms such as new transportation modes and new retail. This service will transport riders to and through business zones, Monmouth University and Brookdale College and hopefully create and sustain familiarity for riders to spend time and money in the zones.

Evaluation
The results of this endeavor will be evaluated by the number of jobs retained and jobs created in designated Urban Enterprise Zones and foremost by the number of riders that take advantage of the service.

**OBJECTIVES**

**Objective Number: 4**

**Short Description:** To Improve Lower Broadway, Third Avenue Terminus Area and West End

Detailed Description
Lower Broadway, Third Avenue Terminus area and West End are NJ State au- thorized Urban Enterprise Zones. Improving these areas by facilitating access and encouraging spending are just small ways to assist but can be a great start for overall development. Lower Broadway has added a new CVS as other uses are being developed.

Methods
New retail uses are being marketed and some successful uses may be relocated to the Broadway District. Discussions are underway for a new developer and a mod- ified plan for Broadway, West End and Third Avenue (Proposed Transit Village Designation). New businesses will be sought as areas populate.

Evaluation
The success of this effort will be determined by the actual number of UEZ certi- fied businesses that relocate to Lower Broadway, West End and Third Avenue. The service will also be evaluated by the number of riders and whether or not the service can continue without Federal subsidy. Private sponsorships will be sought for support for continuation of the service.

---

**UEZ Security Project 2015 and 2016**

**Work Plan**

---

The Urban Enterprise Zone Assistance Fund is to be used for the purpose of assisting qualified municipalities in which enterprise zones are designated in undertaking public improvements and in upgrading eligible municipal services in designated enterprise zones.

The governing body of the City of Long Branch designated in 1994 as a qualified municipality in the County of Monmouth which an enterprise zone is designated, and created by the participating municipality for said zone have, by resolution jointly adopted after public hearing, proposed to undertake the following project which is a public improvement of the enterprise zone or will increase eligible municipal services in the enterprise zone. The monies therefore are now deposited in the Finance Department, City of Long Branch and credited to the account of the Urban Enterprise Zone Program, City of Long Branch.

**"Any individual, including an individual who is not directly employed by a municipality, with the authority to administer, allocate, or approve the use of Zone Assistance Funds is subject to the "Local Government Ethics Law" P.L. 1991, c.29 (C.40A:9-22.1 et. seq.)".**

**Commerce regulation 12A:2A-3.1 provides for the payment of prevailing wage in connection with certain construction contracts funded in whole or in part with zone assistance funds. Any zone assistance funds approved for use in accordance with this proposal will not be utilized in a manner that would violate said provision.**

**I. PROJECT DESCRIPTION**

The UEZ Security Project for the 2015/ 2016 Program Years proposes to offer security, law enforcement and emergency response to calls of distress for businesses and for persons doing business exclusively in urban enterprise zones designated in the City of Long Branch. The UEZ Security Service has been successful for more than eighteen years and now enters its 20th year with the submission of this proposal. This project serves the urban enterprise zones with safety, law enforcement, code enforcement, crime prevention, crime detection, monitoring of designated UEZ's and emergency response situations. Zones have been made safer and more productive throughout Long Branch with UEZ Zone Assistance funding. As Long Branch grows and improves, so should the security. Statistics show that as the City grows so does the need for safety and crime prevention. In the absence of such protection, unbridled criminal activity will have an adverse effect on economic growth and business development. In order for a City or any urban area to have reduced crime requires careful planning and implementation and such results indeed are no accident. Credit must be given to the efforts of the Public Safety Director, his Captains, Lieutenants, Sergeants, patrolmen and other staff, the City Administration, Mayor, City Council, and of course the UEZ Program. In recent years the Security Project has seen a reduction in the number of police officers. It is hopeful that in the near future the workforce will be restored as the need for the same remains.

As we approach 2016 the City has established five areas of focus in the heart of urban enterprise zones. These areas include Uptown Broadway, Lower Broadway, The Third Avenue Transit Terminal location, West End and the New Pier Village Redevelopment Sector. Phase II of Pier Village is complete and Phase III of this sector will offer a new hotel, new residences and new retail uses on the ground floors.

## **II. TARGET POPULATION AREATO BE SERVED**

Monmouth County, New Jersey

## **III. PROJECT OBJECTIVES**

- A. The UEZ Security will monitor designated zones and respond to the same in an effort to reduce crime and to prevent criminal activity.
- B. The UEZ Security will work with the established police department, housing authority, local business community, Chamber of Commerce, local educational institutions, public school system, church organizations, synagogues, civic groups and general public in order to make zones safer and more attractive for business development and growth

## **IV. SCOPE of SERVICES**

In past years, in addition to manpower, the UEZ Program has provided police vehicles, new bicycles, new radios, trailer attachment and other equipment to the local security service. More efficient emergency response, fewer complaints and increased pedestrian foot-traffic are the results within the zones. Finally, businesses still flourish despite the down trends in the local economy and the reduction of the UEZ Police personnel.

The UEZ assistance will be used to support salaries, services, materials and equipment associated with the deployment of one police officer and a supervising police officer to serve specifically in urban enterprise zones. Sub-stations are strategically located in designated zones to offer businesses and customers the greatest protection that can be provided by local police. Police duties include but are not limited to the following:

1. Arrange Community Policing Strategies with the local Housing Authority;
2. Administer safety trainings sessions to seniors and other groups;
3. Organize and implement National Night Out Event for the UEZ neighborhoods;
4. Participate in the local Neighborhood Watch Program for UEZ neighborhoods;
5. Attend scheduled business group and UEZ monthly meetings;
6. Assist with Special Events occurring in UEZ's;
7. Administer the Community Service Program for UEZ's;
8. Monitoring vehicular traffic, parking trends, pedestrian patterns in UEZ's;
9. Report any and all problems, concerns and occurrences that happing UEZ's;
10. Assist other departments with law infractions as they relate to the UEZ areas;
11. Cite offenders for garbage disposal irregularities in UEZ's;
12. Enforce parking rules and other regulations in UEZ's;
13. Patrol streets, stores, alleyways, residences and buildings and other designated areas;
14. Respond to emergency calls and other urgent distress communications in UEZ's;
15. Perform many other duties and services within the zones.

The UEZ Officer works five days during the week, usually from 7:00 AM to 3:00 PM or every other month from 2:00 PM to 10:00 PM. The officer may be off Sundays and Mondays during the winter. During the summer the time worked is flexed and the officer rotates to accommodate for the longer days. The UEZ Officer patrols within boundaries of designated Urban Enterprise Zones unless called to respond to another emergency or training such as dealing with

hazardous materials, homeland security, funeral detail, prisoner escort or practicing on the pistol range. The UEZ police are the last to be called should an extreme emergency occur as he is charged with exclusively patrolling Urban Enterprise Zones. The Public Safety Director reserves the right to change working hours as the need may arise.

This project is consistent with the UEZ Act and local Five-Year Zone Development Plan. Because of the importance of this project and its impact on crime within the zones, it is anticipated that requests for Zone Assistance Funding will occur in the future.

In addition, the police presence has impacted UEZ's so tremendously that patrons and merchants alike depend on the patrols. Community Development Block Grant funds also contribute to Community Policing, which is a service used to monitor contiguous neighborhoods and the local housing authority. Without the complementary resources such as UEZ and CDBG, recent successes with crime reduction, business development and improved living conditions could never have occurred. The business community can now exhibit the expected vitality and growth that are necessary to sustain a community, operate and prosper within that community and do so with a feeling of safety and comfort.

The UEZ Security Project has become an integral part of the UEZ Program and the business community relies heavily on its presence. The apparent successes mean safer streets, cleaner sidewalks, safer parking areas, controlled vehicular traffic, controlled pedestrian traffic, greater comfort for shoppers, decreased crime and more productivity for businesses operating in designated urban enterprise zones.

## OBJECTIVES

**Objective Number:** 1

**Short Description:** To reduce Crime

Detailed Description
The UEZ Security will be deployed in designated zones and be available to respond to emergency situations to prevent crimes, to reduce crimes and to limit criminal activities.

Methods
Scheduled and flexible patrols will be dispatched in order to better and more effectively comprehensively monitor all activities occurring in urban enterprise zones.

Evaluation
The annual Uniform Police Report issued by the New Jersey State Police may show a reduction in crimes. The local police department should also illustrate lower crime statistics in designated zones.

## OBJECTIVES

**Objective Number:** 2

**Short Description:** To make the zones safer

Detailed Description
<p>The UEZ Security will work with different agencies, local departments, the business community, local school board, institutions, church groups and the general public to institute ways and means to make urban enterprise zones safer for the local businesses and patrons.</p>

Methods
<p>The UEZ Security will collaborate with the police department, watch groups and other security agencies to monitor and patrol designated zones and to cover all areas by way of a physical presence, electronic surveillance and with assistance from other security agencies to increase safety and to make people feel safer.</p>
